Automatic Ice Maker

The automatic ice maker provides ice on demand whenever you need it — perfect for chilling drinks or keeping foods cold at a moment's notice.

LED Lighting

Bright, energy-efficient LED lighting evenly illuminates the refrigerator interior while producing less heat than traditional incandescent lighting.

Frost-Free Cooling

The Total No-Frost cooling system circulates cold air throughout the refrigerator and freezer compartments, helping prevent frost buildup and eliminating the need for manual defrosting.

Digital Touch Control

User-friendly touch controls sit atop the fridge cabinet for simple operation, positioned out of young children's easy reach to prevent unintended setting adjustments.

Customizable Storage System

Equipped with 4 full-width adjustable glass shelves and 3 variable-size door racks, enabling flexible fridge storage layout to neatly arrange groceries of varying sizes and maximize interior space utilization.

Telescopic Pull-Out Crisper and Deli Drawer

Smooth telescopic slides allow complete drawer pull-out for easy access; independent storage spaces maintain ideal humidity to preserve veggies, fruits and deli foods for extended freshness.
