Garage Ready Usage

Perfect for cold storage in your garage as a refrigerator or freezer. Set as a freezer to hold frozen meat for a bbq party or use as a cooler for storing cold summer refreshment.

LED Lighting

Bright, energy-efficient LED lighting evenly illuminates the refrigerator interior while producing less heat than traditional incandescent lighting.

Frost-Free Cooling

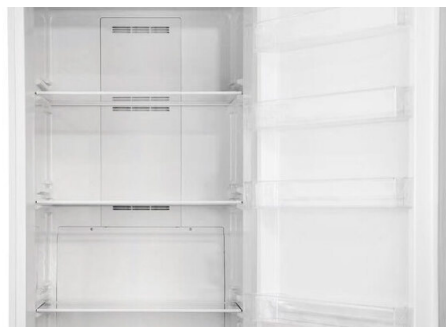

The Total No-Frost cooling system circulates cold air throughout the refrigerator and freezer compartments, helping prevent frost buildup and eliminating the need for manual defrosting.

External Control Panel

Digital control panel on the exterior of the door lets you program the settings without affecting the internal temperature.

Customizable Storage System

Equipped with 4 full-width adjustable glass shelves, 5 door racks, and a bottom basket, enabling flexible fridge storage layout to neatly arrange groceries of varying sizes and maximize interior space utilization.

Reversible Door Hinge

Comes right hinge but pre-drilled holes allow for reversible door installation to suit your opening orientation.
