Timeless Italian Design for Modern Culinary Performance

Verona has been a trusted name in premium kitchen appliances since 1958, with roots in the artisan traditions of northern Italy. Every range, oven, and cooktop is thoughtfully designed and meticulously built just outside of Venice—where beauty, performance, and craftsmanship are a way of life.

The Verona collection brings Italian innovation and elegance to American homes. Whether you're cooking for a crowd or making a quiet meal for two, Verona delivers the power, precision, and presence of a true professional appliance—designed to elevate everyday living.

Each appliance is engineered to meet the demands of serious home chefs, with high-efficiency burners, durable construction, and intuitive features that make cooking both joyful and effortless. With timeless aesthetics and compact, versatile configurations, Verona fits beautifully into kitchens of every size and style.
